

# BENEFITS TO PARENTS & UNITS

---

Just Between Friends is committed to respecting and protecting the personal privacy of our members <https://www.justbetweenfriends.com/Privacy.aspx>.

Just Between Friends is an easy way to manage a family's participation in group activities. It also helps parents manage their own volunteer activities.

When a parent accepts an invitation to join your group, they have a single private customized online page showing all of their family's events, deadlines and activities related to their groups. Plus, parents can manage and remember important personal dates using their customizable calendar.

And, with the system's private email communications and directory/roster creation modules, it's simple for parents to stay in touch with their groups.

## Benefits to PTA Units

**Privacy and Security** — Just Between Friends is a private and secure system. NPTA staff works in constant collaboration with Just Between Friends to improve the system, which is a free membership benefit. Find our easy to read Privacy Policy at <https://www.justbetweenfriends.com/Privacy.aspx>

**Membership Management** — By using the system, units can easily perform all the functions necessary to manage and grow their PTA unit while earning revenue from Just Between Friends family-friendly sponsors.

**Membership Card Printing** — Chairs will spend less time entering members; creating directories; printing membership rosters; and printing membership cards.

**Communications** — Leaders responsible for communications will streamline their tasks with automatic reminders and the ability to attach documents to their emails.

**Volunteer Management** — Admins responsible for volunteer recruitment and management will simplify their volunteer efforts by giving members the ability to self-report volunteer hours.

## Benefits to Parents

**Privacy Options** — Just Between Friends is committed to respecting and protecting the personal privacy of our members [insert privacy policy link].

**Parents Benefits with Communications** — Just Between Friends is an easy way to manage a family's participation in group activities. It also helps parents manage their own volunteer activities.

When a parent accepts an invitation to join your group, they have a single private customized online page showing all of their family's events, deadlines and *volunteer* activities related to their groups. Plus, parents can manage and remember important personal dates using their customizable calendar. And, with the system's private email communications and directory/roster creation modules, it's simple for parents to stay in touch with their groups.
